

Worship Guidelines COVID Precaution Compliance

While we continue to conduct worship services on Sunday mornings, we have implemented changes in our protocols to keep everyone healthy and safe. Masks are required when entering the church. Church pews have been cordoned off to encourage social distancing. Please seek to keep six feet of separation between you and others. Children are asked to remain in their pew with their family during the Lamb Sermon. Handshakes, the processional and recessional cross, the passing of the peace, and the passing of the offering plates have been discontinued at this time. If you bring an offering, thank you! Please place your offering in the plates as you enter the sanctuary.

The reception of the Sacrament continues to be celebrated at the foot of the altar steps. The usher will direct you to exit the pew at the side aisle in order to go to the altar steps. Once you are dismissed, please exit in the opposite direction, placing your empty cup in the tray provided.

Thank you for your continued understanding. If you are in need of pastoral care during this time please text for phone Pastor Davidson (740-215-3295)
